Resident of North America I live within the territorial boundaries of Canada, Mexico, or the United States
In order to qualify to be an AGS EthicalGEO Fellow, you must live within North America.

5. After your click “Register,” you will be redirected to Log In again. Log In using the information you just used to create your account on EthicalGEO.org. You will be directed to the homepage once again.

EthicalGEO Home FAQ Video Challenge Welcome

The EthicalGEO initiative seeks to activate thinkers, innovators, entrepreneurs, policymakers, practitioners, students, and everyday citizens and bring them in to a global dialog that shines a light on their best ideas about the ethical challenges and opportunities posed by the many geospatial technologies and data sources that are reshaping our society.

Just as the EthicalAI dialog has enabled a broad-based discussion about the future implications of AI, and the ways in which our society might steer the technology to our purposes, the EthicalGEO initiative seeks to spur a similar conversation around the flurry of geospatial innovations that have become part of our daily lives.

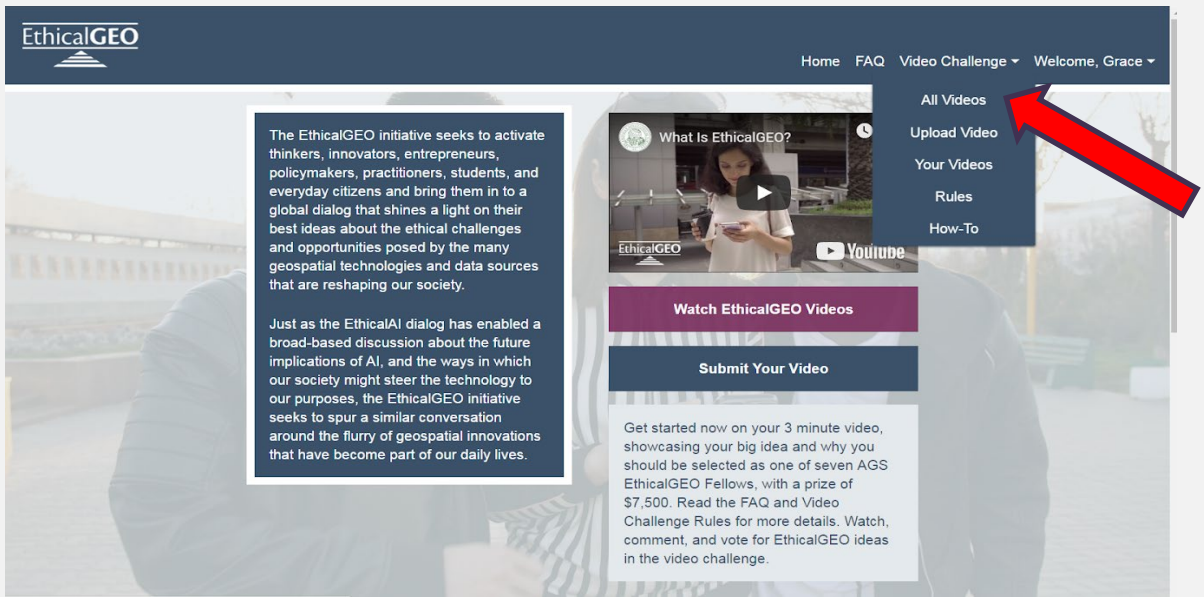

What Is EthicalGEO?

Watch EthicalGEO Videos

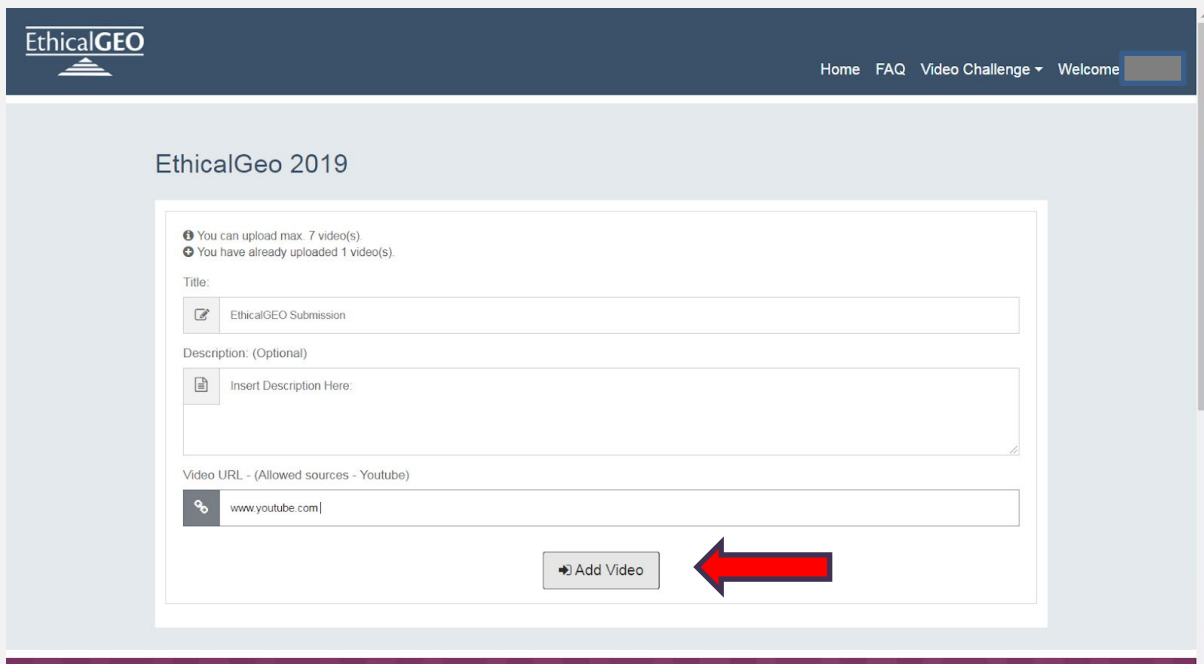

Submit Your Video

Get started now on your 3 minute video, showcasing your big idea and why you should be selected as one of seven AGS EthicalGEO Fellows, with a prize of \$7,500. Read the FAQ and Video Challenge Rules for more details. Watch, comment, and vote for EthicalGEO ideas in the video challenge.

6. Hover over “Video Challenge” and select “Upload Video.”

7. You will be directed to this page. To submit, include your video name, description and YouTube URL link to submit your video. Click “Add Video” when you are finished. Make sure you are still logged in during this process.

8. Your video will pend activation on the site until final approval, subject to following the Rules and Regulations of the contest. Please allow up to 2 business days for approval. You should receive an email after approval.
